

ENSWaP Conference

DIGITAL REALITY **in the Waldorf School**

13 - 15 April 2018

Digital technology has become part of our everyday life. Some people embrace it without any questions, others demonise it – but for most of us it is an exciting challenge. At our conference we aim to look further than the question of whether to use smartphones at school.

We would like to explore such issues as:

How can we find the right balance for our children?

What is age-appropriate digital education?

How to remain human and humane in this digital world?

How to prevent game or social media addiction?

What is SDD?

What will the future look like?

Together we, parents, teachers, experts, pupils, can find some answers which help us in our daily lives. Interested in the digital present and future?
